REMINDER

All physics undergraduate and postgraduate students (including M.Sc. by coursework, M.Sc. by research and PhD) that are presenting in the 2009 Physics Colloquium are requested to **email a softcopy of the colloquium research paper to fizikkolokium@yahoo.com and hand in the hardcopy of their research paper directly to Mr. Kanesh (Low Temperature Plasma Lab, Block A) latest by 5.00 pm, 20th March 2009. M. Sc. by coursework students are also required to prepare a poster presentation along with their case study.** Any later entries for research papers will not be included in the 2009 Physics Colloquium book.

IMPORTANT GUIDELINES FOR PRESENTATION IN 2009 PHYSICS COLLOQUIUM

- When submitting research paper be sure to clearly state your project TITLE, NAME in full, MATRIC NO., GRADUATE LEVEL (e.g. undergraduate, masters by coursework/research, PhD). Template of the research paper is given in the following pages (American Institute of Physics (AIP), 8.5 x 11 double-column format). Research papers should not exceed a maximum of 4 (double column) pages.

- PowerPoint presentations should be submitted by the student to the committee before his/her session starts; earlier submission is advised to avoid unnecessary delays. Posters should be handed in before 10.00 am on the day of presentation for pinning up. Students are responsible for acquiring their posters after the session.

- For masters by coursework students doing poster presentation, the poster should be fixed at A1 size in portrait position. E.g.
